

3/15/70

Dear Paul,

Re your "Material received from Archives, 3/5/70".

Bartimo-Rankin 3/16/64: I am not suggesting any deliberate evasiveness or any impropriety, but what this letter really says, without doubt, is that the other and probably most of the military records on LHO are at the St. Louis depot, which is under the Archives, I believe. Obviously, all Bartimo could talk about is what was under DOD jurisdiction.
